## What We Do

We provide a **one-source solution** for comparator and reference drug sourcing, clinical trial materials, ancillary supplies, clinical packaging/labeling, storage and distribution of investigational medicinal products, placebos, pharmaceuticals, biologics and more.

## Our Strength

Based on years of experience (est. 2007), Globyz Pharma possesses strong expertise in managing the regulatory and supply chain challenges of sourcing, storing, and distributing pharmaceuticals for manufacturers, clinical investigators and patients worldwide.

## Our Network

With offices and state-of-the-art GMP depots strategically located in the US, CANADA, GERMANY, INDIA, SINGAPORE and BRAZIL, we have a presence in major markets across the globe to provide end-to-end logistics solutions from any point of origin to any destination.
